

PHARMACEUTICAL /DEVICE IN-SERVICE TEAMS SCHEDULING

SIMPLIFY SCHEDULING MANAGEMENT

Pharmaceutical, Medical Device and Employee Wellness groups looking to deliver the best customer experience and support can benefit from automated staff scheduling and labor management. The Schedule360™ Employee Scheduling and Labor Management applications are designed to reduce the time you spend scheduling and communicating with your in-service teams.

Schedule360's secure cloud-hosted scheduling solution enables you to align on call staff with demand and instantly communicate with in-service teams in real time using the latest online and mobile technologies. Schedule360 provides complete transparency between the in-service scheduler, field management, sales teams and on-call staff in real time. It enables you to organize and invite program openings to qualified on-call staff, capture non-availability requests and integrate electronic timesheets with payroll compiling.

The Scheduling Solution Configured for YOU

Schedule360 is highly configurable and can be configured to fit your organization's unique needs. It can even be configured with different setups for each department or group within your organization.

Affordable Pricing

Schedule360 is available at an affordable monthly subscription and includes setup, 24/7 support and online training. It is scalable to virtually any size organization.
