PHYSICIAN GROUP PRACTICES SCHEDULING

SIMPLIFY PHYSICIAN SCHEDULING

The Schedule360™ Employee Scheduling and Labor Management applications are designed to simplify staff scheduling, time and attendance, and payroll tasks for physicians and Practice Management Groups. Whether you are scheduling emergency department shifts, hospitalists, mid-level rotations at the hospital or student activities that require proper staffing, Schedule360 is the most comprehensive, flexible and adaptable staff scheduling solution available.

As a secure cloud-hosted solution, Schedule360 supports real-time scheduling and communication with busy physicians online 24/7. Group Practice Managers and mid-level clinical staff have physician scheduling information at their fingertips and always know each physician's credentials, availability, on-call preferences and regulated ratios. Proactive scheduling results in better patient care, reduced unnecessary overtime and improved physician satisfaction.

The Scheduling Solution Configured for YOU

Schedule360 is highly configurable and can be configured to fit your organization's unique needs. It can even be configured with different setups for each department or group within your organization.

Affordable Pricing

Schedule360 is available at an affordable monthly subscription and includes setup, 24/7 support and online training. It is scalable to virtually any size organization.
